

LOVIBOND DPD & Phenol Red Test Tablets

Water Test Tablets are now supplied in
BLISTER PACKS
for easier application

DPD Tablets (Slow Dissolve - **BLACK**) - compatible for **COMPARATORS**
and **Lovibond PHOTOMETERS**.

DPD Tablets (Rapid Dissolve - **GREEN**) - compatible for **COMPARATORS**
and **POOLTESTERS** only.

* Where the Calcium Hardness of pool or spa water is over 500mg/l then
DPD 1 High Calcium test tablets should be used,
especially for Photometers. Standard DPD 1 tablets may give a cloudy
sample & as a result, an inaccurate reading.

| Code | Description | Pack Size | Price |
|--------|---|------------|-------|
| WT37 | DPD No.1 (Comparator/Photometer) | Box of 250 | 11.00 |
