

TYLO Commercial VA Steam Generators only - Control Panel required

Code	Heater kW	to heat Room Size	Steam Output	Price
6VA	6 kW Generator	2 - 8m ³	8kg/hr	2,096.00
9VA	9 kW Generator	4 - 16m ³	12kg/hr	2,288.00
12VA	12 kW Generator	8 - 20m ³	16kg/hr	2,628.00
18VA	18 kW Generator	13 - 30m ³	24kg/hr	5,247.00
24VA	24 kW Generator	18 - 40m ³	32kg/hr	6,100.00

The TYLO VA steam generator requires a separate control panel to operate.

The steam generator can be located up to 15 metres away from the steam cabin.

- * Acid-resistant heating elements
- * Self-cleaning calcium-repellent electrodes
- * Built-in safety valve with temperature cut-off
- * Stainless steel water tank with automatic emptying & flushing
- * Solenoid valves with water filters and an adjustable steam head
- * Variable temperature control
- * Low water cut-off
- * Electronic water-level indicator

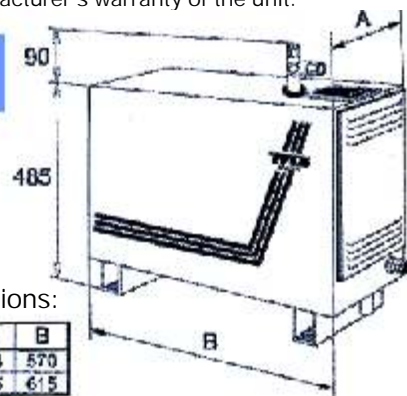

If the calcium hardness of the water supply is greater than 36mg/litre, a commercial water softener must be fitted on the incoming water supply to the generator to protect the manufacturer's warranty of the unit.

TYLO Sealed Tanks & New Style Elements

Code	Description	Price
83 47 003 130	6VA Sealed Tank Assembly	505.50
83 47 003 160	9/18VA Sealed Tank Assembly	620.00
83 47 003 140	12/24VA Sealed Tank Assembly	620.00

New Style VA Generator:

83 96 000 233	6VA Tank Element - each	127.00
83 96 000 234	9VA Tank Element - each	160.00
83 96 000 232	12VA Tank Element - each	165.00

Dimensions:

kW	A	B
6-12	224	570
18-24	445	615

TYLO Control Panels

CC10

CC50

CC300

RB30

Code	Description	Price
CC10-3S	Control Panel - Digital - 3 hours running time	283.00
CC50	Control Panel - Digital - semi automatic/manual	372.00
CC300	Control Panel - Digital - pre-programmable/automatic	843.00
REM-SW	Remote/External Switch (for control panels)	29.00
RB30	Relay Box	423.00
RB60	Relay Box	1000.00
30 90 001 050	Control Panel Surround - Aluminium	97.00
30 90 001 051	Control Panel Surround - Stainless Steel	97.00
30 90 001 052	Control Panel Surround - Brushed Steel	124.00

CC50 Digital Control Panel displays time & bathing temperature, switch for sauna lighting & security code function. Programmable up to 12 hours running time. Size 130 x 190 x 27mm.

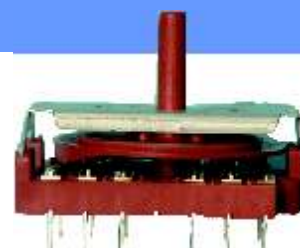

CC300 Digital Control Panel - as for CC50 but with additional features. Clock, memory function with back-up power if power fails, energy saving stand-by function, built-in weekly timer. Size 130 x 190 x 40mm

TYLO Digital Control Panel & Relay Box Spares

Code	Description	Price
